

READY FOR TAKE-OFF

AXIS Aviation is an **executive aircraft operation and asset management provider**.

With our innovative, proprietary data platform, we make aircraft management transparent for owners and operators. Start with us into your exciting future with great benefits.

Job Title: Continuing Airworthiness (CAE) Engineer (m/f/d)

Location: Austria

Industry: Aviation / Transportation (aviation experience is a plus, but not required)

Languages: English (mandatory), German (preferred)

Continuing Airworthiness Engineer (CAE) m / f / d

We are looking for a safety conscious and detailed oriented person to join our team as a Continuing Airworthiness Engineer.

Your Key Responsibilities:

- Plan, coordinate, and arrange both scheduled and unscheduled maintenance activities, for a predefined fleet
- Provide support in AOG (Aircraft on Ground) situations and evaluate the possibility of defect deferrals
- Review and verify invoices related to maintenance services.
- Manage maintenance documentation, insurance cases, and aircraft-related technical contracts within the maintenance tracking system
- Act as the main point of contact for customers, flight crews, authorities, and maintenance for your predefined fleet
- Support the CAMO Team for ARC and CofA (Certificate of Airworthiness) renewals

Your Profile:

- Familiarity with airworthiness regulations and experience as a CAMO Engineer
- A degree in Aeronautical Engineering (e.g., HTL) or equivalent hands-on experience is considered an advantage
- Experience with maintenance tracking systems such as CAMP and CMP is a plus
- Eagerness to learn and further develop through training and professional education
- Ability to independently and proactively identify solutions
- High degree of flexibility and willingness to work in a fast-paced, dynamic work environment
- Team-oriented, well-organized, and self-driven, with a strong customer focus and commitment to safety
- Strong English communication skills (written and spoken) combined with solid technical understanding
- A valid Austrian work permit is required

What We Offer:

- A position in a dynamic and international work environment
- The opportunity to contribute to a growing company in the aviation sector
- For this position, we offer a minimum gross annual salary of EUR 42.000,-- (including vacation and Christmas bonus) with a willingness to overpay depending on qualifications and professional experience.
- Flexible working hours, remote work and supportive team culture

Application:

Please send your CV and a short motivation letter (in English) to hr@axis-aviation.com
